PROFESSIONAL SUMMARY

Computer Science Engineering graduate (B.Tech, 2026) with hands-on experience building full-stack web applications using the MERN stack, React.js, and TypeScript. Built two projects featuring authentication, role-based access control, search and filtering, and RESTful APIs. Solid foundation in Java, Python, and data structures, backed by Coursera certifications in both languages. Seeking an entry-level Software Developer or Full Stack Developer role.

TECHNICAL SKILLS

Programming Languages: Java, Python, JavaScript, TypeScript
Frontend: React.js, HTML5, CSS3, Tailwind CSS
Backend: Node.js, Express.js, RESTful APIs
Databases: MongoDB, SQL
Developer Tools: Git
Concepts: Data Structures, MERN Stack, Authentication, Role-Based Access Control, Responsive Design

PROJECTS

AgroConnect (Agri-Link) – Agricultural Labor & Machinery Management Platform | *React, TypeScript, Tailwind CSS*

- Developed a web platform that connects farmers, agricultural laborers, and machinery owners to simplify hiring and equipment rental.
- Implemented secure user authentication and role-based access control for the different user roles.
- Built service listing management, search and filtering, and booking management features.
- Created the front end with React, TypeScript, and Tailwind CSS to improve service accessibility for rural communities.

Highway Halts – Highway Rest Stop Information Application | *MongoDB, Express.js, React.js, Node.js*

- Developed a full-stack MERN application that helps travelers find rest stops along major highways and view amenities.
- Implemented search for halts and a review feature that lets users post feedback on each halt.
- Built RESTful APIs with Node.js and Express.js for data retrieval and management, with MongoDB as the database.
- Designed a responsive React user interface for easy navigation across devices.

EDUCATION

B.Tech, Computer Science Engineering **2026**
Malla Reddy University | Percentage: 78%

Intermediate (Class XII) **2022**
Narayana Junior College | Percentage: 94%

Secondary School (Class X) **2020**
T.S. Model School | Percentage: 95%

CERTIFICATIONS

- Python Programming Essentials – Rice University
- Java Programming Fundamentals – Duke University
- Introduction to Java Programming – Penn University
- Python_basic –HackerRank
- Sql_intermediate -- HackerRank
